

CONTENTS

VOLUMES 1 and 2 (1985-1986)

Aiken, Robert M., review of <i>The Human Factor in Computer Crime</i> by Julia Van Duyn.....	1:3/4:214
Alspaugh, J.W., review of <i>PSY468A: Topics in Research Methods</i>	2:1/2:91
Altheide, David L., "Keyboarding as a Social Form".....	1:2:97
Anderson, Ronald E., "Computers and the Social Sciences: An Introduction".....	1:1:3
——, "A Classification of the Literature on Computers and the Social Sciences".....	1:2:67
Anderson-Freed, Susan, review of <i>Teaching Computers to Teach</i> by Esther R. Steinberg.....	1:2:113
Andrews, Sona Karentz, review of <i>Technological Transition in Cartography</i> by Mark Monmonier.....	1:3/4:213
Arndt, S., J. Clevenger and L. Meiskey, "Students' Attitudes Toward Computers,".....	1:3/4:181
Attewell, Paul, review of <i>Computerization and Work: A Reader on Social Aspects</i> of <i>Computerization</i> , ed. U. Briefs, J. Kjaer, and J.-L. Rigal.....	2:4:221
Babinec, Tony, "SPSS Inc.: Reply to Reviews of SPSS/PC".....	2:1/2:61
Batten, Dick, "The New Division of Labor: The Mobility of New Technology and Its Impact on Work".....	1:3/4:133
Blank, Grant, "Another View of Full-Featured Software".....	2:1/2:57
Brent, Edward E., Jr., "Relational Data Base Structures and Concept Formation in the Social Sciences".....	1:1:29
——, review of <i>Computers and Information Processing World Index Services Directory</i> , eds. S. Deighton et al.; <i>1985-86 Encyclopedia of Information Systems and Services Directory</i> , ed. J. Schmittroth, Jr.; <i>Online Database Search Services Directory</i> , eds. J. Schmittroth, Jr., and D.M. Maxfield.....	1:2:111
——, "The Computer-Assisted Literature Review".....	2:3:137
——, "Reviewing Statistical Software on Microcomputers: Methods and Vision".....	2:1/2:1
—— and James D. Campbell, "Scaling and Classification with Microcomputers".....	2:1/2:23
Brent, Ruth, reviews of <i>Energraphics, Version 1.3</i> ; <i>Chart-Master, Version 6.1</i> ; <i>Sign-Master</i> , <i>Version 5.1</i> ; <i>Diagram-Master, Version 5.0</i> ; <i>Map-Master</i>	2:4:229
Buhler, Shirrell, "Comments on the Review of P-STAT in <i>Computers and the Social Sciences</i> ".....	2:1/2:59
Burnard, Lou, review of <i>The Second Self: Computers and the Human Spirit</i> by Sherry Turkle.....	1:2:107

Campbell, James D., review of <i>Databasics: Your Guide to Online Business Information</i> by Doran Howitt and Marvin I. Weinberger	1:1:53
——, review of <i>GRAPHWRITER Version 4.30</i>	2:1/2:92
——, review of <i>The Integrated Bibliographic Software System: Pro-Search, Biblio-Link and Pro-Cite</i>	2:4:232
Campbell, Rex. R., review of <i>The Visual Display of Quantitative Information</i> by E.R. Tufte	1:2:110
Cherry, R., review of <i>StatPac</i>	2:3:170
Cohen, Jacob, "The Micro Revolution in Social Science Computing"	2:1/2:89
Dalecki, M.G., review of <i>Exec*U*Stat</i>	2:3:175
Danziger, James N., "Computing and the Political World"	2:4:183
Demetrulias, D.M. and N.R. Rosenthal, "Discrimination Against Females and Minorities in Microcomputer Advertising"	1:2:91
Dutton, W., P. Kovaric and C. Steinfield, "Computing in the Home: A Research Paradigm"	1:1:5
Edwards, E.A., "Genealogical Software as a Tool in Social Science Research: An Essay"	2:3:157
Erbring, Lutz, "Statistical Packages for Microcomputers: What Next?"	2:1/2:79
Feinberg, William E., "The Inept and the Computer Revolution: Some Clues from Other Innovations"	1:3/4:149
Goreham, Gary A., "The Effects of Computers and the Computer Industry on the Development of Third World Nations"	1:3/4:141
Grafton, C. and A. Permaloff, review of <i>The Number Cruncher Statistical System</i>	1:2:115
——, review of <i>Micro-Dynamo</i>	2:1/2:95
——, review of <i>STATGRAPHICS</i>	2:3:173
Grandon, Gary M., "Statistical Microcomputing: Running Light. . ."	2:1/2:85
Gundry, Lisa, "Computer Technology and Organizational Culture"	1:3/4:163
Halley, Fred S., review of <i>Computer Usage for Social Scientists</i> by Douglas M. Klieger	1:1:52
Harper, Dean, "Computer Technology and Social Relations"	1:3/4:127
Hellerstein, Laurel Nan, "The Social Use of Electronic Communication at a Major University"	1:3/4:191
Hess, M., review of <i>ExperLISP 1.04</i>	2:3:171

Hoyt, Danny R., review of <i>Introduction to Computing: Applications for the Social Sciences</i> by Charles M. Tolbert II	1:2:109
——, review of <i>Ci2System, Version 1.0</i>	1:3/4:211
Ingman, Veronique and Stanley R., review of <i>La société malade de ses communications?</i> Gérard Métayer	1:1:51
Kennedy, William J., "Comments on What Researchers Need in Microcomputer Statistical Software Packages"	2:1/2:69
Komsky, Susan H., "Acceptance of Computer-Based Models in Local Government: Information Adequacy and Implementation"	2:4:209
Kraemer, Kenneth L., and Rob Kling, "The Political Character of Computerization in Service Organizations: Citizen Interests or Bureaucratic Control"	1:2:77
Lawrence, J., review of <i>SwyftCard</i>	2:3:165
——, review of <i>Zardax</i>	2:3:167
——, review of <i>Quadram's 256K Multicore</i>	2:3:168
——, review of <i>Harvard Total Project Manager</i>	2:3:177
Lee, Hans, review of <i>Conceptual Modeling, Perspectives from Artificial Intelligence, Databases, and Programming Languages</i> , eds. M.L. Brodie, J. Mylopoulos, and J.W. Schmidt	1:1:54
Levin, Martin L., "Technological Determinism in Social Data Analysis"	2:4:201
Linn, Marcia C., "Gender Equity in Computer Learning Environments"	1:1:19
McCarty, Willard, review of <i>Notebook II</i>	1:3/4:207
Markovsky, B., review of <i>ABSTAT Release 4.08</i>	2:1/2:94
Mayer, R.E., review of <i>Enduser Systems and Their Human Factors</i> , eds. A. Blaser and M. Zueppritz	2:3:153
Mihalo, William E., "The Microcomputer and Social Relationships"	1:3/4:199
Muthen, Linda K., "BMD: Comments Addressing Reviews in <i>Computers and the Social Sciences</i> "	2:1/2:63
McCord, Joan, "Faculty Responses to the Computerization of a University"	1:3/4:173
McQuarrie, Edward F., "The Computer Imperative Among Owners of Home Computers: Explanation by Social Factors"	1:3/4:155
Nash, Jeffrey E., review of <i>Chipendale</i>	2:1/2:97
Norton, Andrew A., "Data Management Capabilities of Full-Featured Microcomputer Statistical Systems"	2:1/2:39
Olsen, Mark, review of <i>TXTCOL4: String data collection program</i>	1:2:121

O'Shea, Michael J., review of <i>Microsoft Word for the Apple Macintosh</i>	1:2:117
Parker, Robert Nash, "A Review of Regression, Correlation, and Arima Capabilities"	2:1/2:11
Perolle, Judith, "Intellectual Assembly Lines: The Rationalization of Managerial, Professional, and Technical Work"	2:3:111
Peterson, Richard J., "Teaching Introductory Survey Analysis with Full-Featured Microcomputer Statistical Packages"	2:1/2:51
Polhemus, Neil W., "The Need for Exploratory Data Analysis Software"	2:1/2:71
Raben, Joseph, review of <i>Instructional Applications of Information Technologies</i>	2:1/2:99
Rafaeli, Sheizaf, "The Electronic Bulletin Board: A Computer-Driven Mass Medium"	2:3:123
Roberts, Craig L., review of <i>Computers and Employment</i>	1:1:55
Roberts, Harry V., "Selection of Statistical Software for Micros"	2:1/2:65
Salloway, J., M.A. Counte, and K. Kjerulff, "The Effects of a Computerized Information System in a Hospital"	1:3/4:167
Tobias, Cynthia L., review of <i>Automated Reasoning: Introduction and Applications</i> by L. Wos, R. Overbeek, E. Lusk and J. Boyle	1:2:109
Velleman, Paul F., "On Evaluating Statistics Software"	2:1/2:81
Venkatesh, Alladi, review of <i>Personal Computers and the Family</i> , ed. Marvin B. Sussman	2:4:222
Wilkinson, Leland, "Discriminating Statistical Software"	2:1/2:75
Ziegfeld, Richard, review of <i>Online Catalog Screen Displays: A Series of Discussions</i> ed. Joan Frye Williams	2:4:225
